

Bouchra Alioua

Director of Budget & Finance

As Director of Budget and Finance, Bouchra develops ASMC's annual operating budget and monitors and tracks spending of the Board's ten (10) trust and agency accounts. Bouchra also serves as Chair of the ASMC Programming Committee, which provides funding to groups aimed at enhancing student life at Moorpark College. Please reach out to Bouchra if you have questions about how to request funding from Associated Students, or if you are unsure how to spend existing club funds.

What is your major, and what year are you in at MC?

This will be my second year at Moorpark College majoring in Economics, I'm also working towards a double major in Data Science upon transfer.

What types of questions can students come to ask you about?

Students can ask me questions about how to receive funding from the Associated Students for their club events, or receive finance trainings for their student clubs and organizations. Additionally, students can always ask me about upcoming events or ways to get involved at Moorpark College.

What are you most looking forward to while serving on ASMC?

I'm most looking forward to supporting students in their initiative to strengthen student life. Coordinating campus events, field trips, competitions, etc... are all great ways to foster connectedness between students and further their interests beyond the classroom. Supporting clubs financially gives them more opportunities to explore what lies beyond Moorpark College and represent our school wherever they go. I love seeing the ambition and hard work that fellow students invest in their clubs, and in turn being able to support them on the backend with financing their initiatives is a fulfilling part of my role.

What is your favorite place or spot on campus?

My favorite spot on campus would be Raider Walk. You can always expect to run into friends, classmates, professors, administrators, or even attend the events that are hosted on the quad or along Raider Walk. It's one of the more lively spots on campus, and you can get a feel for the community we have at Moorpark College. ASMC also hosts many of our events along Raider Walk!

Bouchra Alioua

Director of Budget & Finance

What do you love most about MC?

Last year, I went into my first year of Moorpark College with the sole intention of devoting my efforts to transferring to a four-year school. While that's still my goal, my outlook on Moorpark College has completely changed. After involving myself with the Associated Students, multiple clubs on campus, representing students on participatory government committees, co-hosting the Club Rush and Student Services Fair, and fostering some of my most valued friendships and relationships with people I've met at Moorpark College, I couldn't have asked for a better community college experience. I've found that my time here has been so fulfilling, whether that be academically, socially, or furthering myself in extracurriculars beyond the classroom. While I'm closer to my goal of transferring, I'm incredibly grateful for the experiences I've gained here alone. I would always recommend making the most of your time here at Moorpark, and the experiences that have shifted my perspective of CC are what I've grown to love most.

Are you involved in anything at MC?

I'm involved in a few things at Moorpark College! I serve on the board of the BSA, a club dedicated to supporting Economics, Finance, Accounting, and students in adjacent majors. I'm a course embedded Math tutor working with the Tutoring and Learning Center. Serving as the Director of Student Organizations last year, I also had the chance to connect with many of our 50+ clubs and attend their meetings and events throughout the year. I'm in the Honors Program and a part of M.C Leads which is a program on campus that hosts professional development topics related to leadership and personal growth.

Any fun facts or hobbies you would like students to know about you outside of your ASMC involvement?

Fun fact I'm from Algeria, the largest country in Africa, and feel a great sense of pride knowing that I'm from a diverse, culturally, and historically rich country. My name means "good news" in Arabic!
